Client	Mr. Sampath Kumar R — Maruthi Insure Care
Project Ref.	EST-2026-04-11
Prepared By	Navdeep Ravindran — Auxacode Technologies
Document Version	v1.0
Date	April 27, 2026
Delivery Target	May 2, 2026
Status	In Development

Auxacode Technologies Pvt Ltd | www.auxacode.com | contact@auxacode.com

1. Product Overview

1.1 Purpose

This document defines the product requirements for the Insurance Client Document Management Portal commissioned by Maruthi Insure Care. The system replaces the agent's current unstructured workflow — relying on WhatsApp messages, physical folders, and scattered files — with a centralized, secure digital platform.

1.2 Problem Statement

Mr. Sampath Kumar R currently manages client information and policy documents through WhatsApp conversations and physical or folder-based storage. This results in:

- Difficulty locating specific client documents quickly
- No structured view of family relationships within a client profile
- No system for tracking upcoming client birthdays or maintaining relationships
- Repeated manual sharing of documents to clients on request
- No secure client-facing access to their own documents

1.3 Solution Summary

A web-based portal with two user roles — Agent (full access) and Client (read-only) — that centralizes client profiles, family structures, and document storage, while providing birthday tracking and WhatsApp outreach tools.

1.4 Project Scope

In Scope	Out of Scope
Secure agent login + dashboard	Mobile native app (iOS/Android)
Client & family profile management	WhatsApp Business API auto-send
Flexible document upload & naming	Policy premium calculations
Birthday tracker + WhatsApp wish button	Document OCR / text extraction
Client read-only login portal	Multi-agent / team accounts
1 Year .in domain registration	Payment or billing management
3 months support & bug fixes	Third-party integrations

2. User Roles & Personas

Role	Description	Access Level
Agent	Mr. Sampath Kumar — the insurance agent who owns and operates the portal	Full read/write access to all data, document upload, client management, birthday tools
Client	Existing insurance clients of Maruthi Insure Care who log in to view their documents	Read-only access to their own profile and documents only. Cannot edit, upload, or view other clients.

3. Functional Requirements

3.1 Module 1 — Authentication & Dashboard

ID	Requirement	Priority	Notes
FR-01	Single-user secure login with username + password	Must Have	Agent only
FR-02	Session management with auto-logout on inactivity	Must Have	Security
FR-03	Dashboard showing: total clients, documents stored, upcoming birthdays, recent additions	Must Have	
FR-04	Mobile-responsive layout across all pages	Must Have	
FR-05	Clean, professional UI matching approved style guide (Inter/Arial, blue palette, navy sidebar)	Must Have	Design doc ref

3.2 Module 2 — Client & Document Management

ID	Requirement	Priority	Notes
FR-06	Add new client form: name, date of birth, phone number, address	Must Have	
FR-07	View and edit complete client profile	Must Have	
FR-08	Search and filter clients by name or phone	Must Have	
FR-09	Upload unlimited documents per client with custom name (no fixed categories)	Must Have	Flexible naming
FR-10	View, download, and delete uploaded documents	Must Have	
FR-11	Add family members under a client with: name, date of birth, relationship	Must Have	
FR-12	Each family member has their own independent document storage	Must Have	
FR-13	Client login portal — read-only view of own profile and documents	Must Have	

3.3 Module 3 — Birthday Reminder System

ID	Requirement	Priority	Notes
FR-14	Birthday dashboard widget — upcoming birthdays this week and month	Must Have	
FR-15	Birthday list shows: name, relationship (client or family member), date, age turning	Must Have	
FR-16	WhatsApp wish button — opens WhatsApp with a pre-filled personalized birthday message	Must Have	Uses wa.me link

FR-17	Customizable birthday message template with client name auto-inserted	Should Have	
FR-18	Birthday notification or alert badge on dashboard	Should Have	

3.4 Module 4 — Social Media Creatives

ID	Deliverable	Quantity
CR-01	Custom birthday creatives for WhatsApp/social media (Maruthi Insure Care branded)	5 designs
CR-02	Policy reminder post designs	2 designs
CR-03	Festive / occasion post designs	2 designs

4. Non-Functional Requirements

Category	Requirement
Security	All data stored with password protection. Client login restricted to own data only. Session auto-logout.
Performance	Pages load within 2 seconds. Document upload supports files up to 20MB.
Usability	Interface usable without technical training. Mobile-friendly on all major browsers.
Reliability	Minimal downtime. Bug fixes covered for 3 months post-delivery.
Scalability	System can accommodate growth to 200+ clients without re-architecture.
Browser Support	Chrome, Safari, Firefox, Edge — latest two major versions.
Domain	1 Year .in domain registration included (e.g. maruthiinsurecare.in).

5. Data Model & Entities

5.1 Core Entities

The system manages the following primary data entities:

Entity	Key Fields	Relationships
Client	Name, DOB, Phone, Address, Login credentials	Has many: Family Members, Documents
Family Member	Name, DOB, Relationship to client	Belongs to: Client; Has many: Documents
Document	Custom name, File, Upload date, File type, Size	Belongs to: Client or Family Member

Agent	Username, Password (hashed), Session token	Manages all Clients
-------	---	---------------------

6. UI/UX Design Specifications

6.1 Approved Color Palette

Role	Hex Code	Usage
Primary Blue	#1565C0	Primary buttons, active nav items, key headings
Medium Blue	#1E88E5	Secondary actions, hover states, links
Light Blue	#42A5F5	Accents, focus rings, input highlights
Sky Background	#E3F2FD	Dashboard stat cards, page backgrounds
Navy	#0D3B72	Sidebar, document titles, H1 headings
Success Green	#1a7a4a	Success messages, active status badges
Alert Orange	#F57C00	Warnings, pending status, non-critical alerts
Body Text	#1A1A2E	Primary body copy
Sub Text	#546E7A	Labels, captions, secondary descriptions

6.2 Typography

Usage	Size	Weight	Color
Page Title / H1	28–32px	Bold 700	#0D3B72 Navy
Section Heading / H2	20–24px	SemiBold 600	#1565C0 Primary Blue
Card Title / H3	16–18px	Medium 500	#1A1A2E Dark
Body Text	14px	Regular 400	#546E7A SubText
Labels / Captions	12px	Medium 500	#888888 Gray
Buttons	14px	SemiBold 600	#FFFFFF White on Blue bg

6.3 Key Screens

- Login Page — centered card, logo, username/password, blue CTA button
- Dashboard — navy sidebar, stats row, recent clients list, upcoming birthdays panel
- Client Profile — details at top, family members section, documents grid with upload zone
- Document Upload — dashed blue border, drag-and-drop zone, custom name field

- Birthday Page — sortable list with WhatsApp wish button per entry
- Client Portal — stripped-down read-only view showing only own documents

Advance of ₹5,000 received on April 24, 2026. Balance of ₹7,000 payable on successful delivery. Ref: RCP-2026-04-001.

9. Assumptions, Dependencies & Risks

9.1 Assumptions

- Client (Mr. Sampath Kumar) will provide company logo within 24 hours of project start
- Color palette and style guide approved as per Project Initialization Document dated April 24, 2026
- WhatsApp wish button will use pre-filled wa.me links (not WhatsApp Business API auto-send)
- Client will provide 2–3 sample client names for testing as requested

- Domain name availability confirmed before purchase

9.2 Dependencies

- Agent must supply logo file (PNG/JPG) for branding on portal and creatives
- Hosting environment must be provisioned before final delivery on May 2
- .in domain registration requires valid Indian contact details

9.3 Risks & Mitigations

Risk	Likelihood	Mitigation
Logo or content not provided by client in time	Medium	Follow up on Day 1; proceed with placeholder branding if delayed
Scope creep — additional features requested mid-build	High	Strictly follow this PRD; new features quoted separately
Domain name unavailable	Low	Have 2–3 alternative domain options ready
Testing reveals critical bug on Day 5	Medium	Reserve 4 hours on Day 5 exclusively for bug fixes

10. Document Approval

By signing below, both parties confirm that this PRD accurately captures the agreed scope, requirements, and delivery terms for the Insurance Client Document Management Portal.
